

We also have punch card gift certificates. Punch cards entitle the bearer to three, five, or ten student massages, and each massage is two dollars off of the full price. So when you purchase a ten-massage punch card, you're actually getting ten massages for the price of nine. Like our other Albuquerque massage gift certificates, punch cards have an expiration date of one year after the date of purchase.

#### Why an Albuquerque Massage Gift Certificate from the Crystal Mountain Clinic is a Great Gift

A good massage is a wonderful gift because you're giving an hour of time dedicated to stress management and health. Giving someone an Albuquerque massage gift certificate from the Crystal Mountain Clinic is a way to say that you really care about their well-being, happiness, and comfort. It's also often a good gift for someone:

- who doesn't need or want more tangible possessions;
- who is pregnant, or has just had a child;
- who is stressed or having a hard time in his or her life; or
- who enjoys having a little bit of pampering, (and who doesn't!)
